

STORM CAUSES MUCH DAMAGE

The Interurban Track Four Miles from Beloit, Is Now Two Feet Under Water.

RIVER COMING UP

It Is Now Within Two Feet of the High Water Mark — Railway Washout.

The Rockford, Beloit and Janesville interurban road were up against all sorts of hard luck today. No cars were running over the line between Beloit and Janesville until after noon and then they could not run through and a transfer of passengers had to be made near the Powers farm about four miles this side of Beloit. Part of their trouble was caused by the heavy rain last night and the balance by a car jumping the track near the corner of West Bluff and North Franklin street in this city.

The first car north from Beloit this morning was stopped just south of where the road passes under the St. Paul tracks, by a lake of water from eighteen inches to two feet deep. The track after leaving the Powers farm in order to pass under the St. Paul road, swings out toward the river onto low ground, and had to be considerably depressed to allow the cars to clear the tracks. This left quite a stretch of track that was as low if not lower than the river. The freshest last night raised the water so much that the surrounding country was submerged and the road covered with water. It was found that the cars could not be run through the water and arrangements were made to carry the passengers around the overflow.

Jumps The Track
About this time the car which remained in this city overnight was started around the loop to start on its trip towards Beloit. It had just left Franklin street and turned onto West Bluff when the rear trucks left the track and before the car could be stopped they were about five feet off the rails.

Word regarding the trouble was telephoned to Beloit and some men were sent up on the steam road. Men and tools were secured from the St. Paul company and after several hours' hard work the car was pushed back onto the track and run down to the overflow where the passengers were transferred.

Will Have Trouble
The company will have trouble with the piece of submerged track every time there is a freshet, unless it is raised considerably or something built to keep the water away.

Trouble Elsewhere
Much trouble was caused by the storm last night. All the waterways are rushing torrents today and the river has risen about two feet. The Spring Brook flat is submerged and the Cement Post company was obliged to shut down on account of the water coming down the valley, flooding their drying plant and making it impossible to dry the sand. The turnpike on the Emerald Grove road at the foot of the big sand hill was submerged making travel almost impossible.

Railway Washout
The St. Paul company had its tracks washed out near Juda and the Mineral Point train was several hours late reaching here.

4th Avenue Bridge
The Fourth avenue bridge above the dam is also in bad shape from being hit by the floating ice coming down the river. Street Commissioner Fredericks has been keeping close watch on it today and it may be closed to traffic.

Water Way Up
J. B. Green, who has charge of the water power gates said that the water was within two feet of the high water mark of two years ago. The trouble was caused by the frost not allowing the water to soak into the ground when it fell and causing it to run off into the valleys and then to the rivers.

HUSBAND FACES DEATH, WIFE ENDS HER LIFE

Champaign Woman Drinks Acid While Her Spouse Is Probably In Last Illness.

Champaign, Ill., March 7.—Believing that her husband was dying, Mrs. D. C. Amick drank carbolic acid and died. Mr. Amick has been very ill, and he was unconscious at the time, and appeared to be in a dying condition. The woman was about 35 years old. She has two children by a former husband, and Mr. Amick has two by a former marriage. The family came here about two years ago from Watseka, and Mr. Amick opened a bowling alley. He purchased a handsome residence and has made many friends. It is said that Mrs. Amick attempted to end her life last fall by inhaling gas, but was found before her purpose was accomplished. Mr. Amick is yet alive, but cannot survive his wife long. He does not know of her death.

Near Gen. Mooney of New York is ill with the grip.

BAPTIST SOCIETY FOR YOUNG LADIES

New Missionary Organization Holds Its First Supper, and Gives Program on China.

Missionary zeal is a feature of the Baptist church and the latest society to be organized is the Young Ladies's Missionary society which enjoyed its first supper and program in the church parlors last evening. Its membership is composed largely of young girls who are just entering womanhood and Miss Gertrude Granger has been elected president. Miss Lottie Skinner is the vice president, Miss Sadie Granger the secretary and Miss Ida Stoddard the treasurer.

The young ladies met at six o'clock and enjoyed a very appetizing picnic supper together. The blessing was invoked by Miss Granger and before the supper was concluded Rev. Vaughan came in for a few minutes and expressed his appreciation of the new society.

The object of the society is to carry on a systematic study of Baptist missions in the various foreign countries. The first meetings are to be devoted to China and last evening an interesting program was conducted by Miss Granger. The study of the general view of the country, its people and its religions was preceded by a devotional meeting.

The society will meet once a month. Misses Imogene Mac Donald, Ida Stoddard and Gertrude Granger were the efficient committee which had charge of last evening's meeting.

In the afternoon the Woman's missionary society held an interesting program, finishing the study of Via Christi. Mrs. B. F. Dunwiddie was the leader. With the next meeting the society will begin the study of Lux Christi.

A GIANT STRIKE

American Bridge Co. Will Have Their Hands Full

Philadelphia, March 7.—A general strike against the American Bridge company has been called by the international executive board bridge and the structural iron workers. Thousands of men in all sections will be involved.

POPE IS BETTER

Festivities of His Coronation Will Be Resumed at Once

Rome, March 7.—The Pope's physicians today announced that His Holiness condition was again satisfactory. The receptions incident to the jubilee are to be resumed today.

TELEGRAPHIC BRIEFS

William Ross was hanged at Botetown, N. D., for the murder of Thos. Walsh.

Illinois miners' representatives will meet at Springfield to decide whether or not to strike.

The Montana legislative session has closed without making an appropriation to provide a Montana exhibit at the St. Louis exposition in 1904.

Great enthusiasm is being shown by the friends of the Chicago orchestra who are working to swell the endowment fund, which has almost reached \$210,000.

Buffalo authorities admit that they are at sea in the Burdick murder mystery. The police watching the home of Mrs. Seth T. Paine have been withdrawn.

Severe earthquake shocks have been felt in the district of Volhynia, Saxony, and many of the inhabitants left their homes and spent the night in the street.

Jesse Lewisohn, the New York banker, was discharged from custody by a decision of the New York supreme court in the contempt of court proceedings growing out of the Canfield gambling cases.

Fire on the water front. Fair Haven, Wash., destroyed the Merchants sawmill and the Hill-Webb wharf, together with two Northern Pacific passenger coaches. Total loss \$130,000.

The Torrens committee of the Chicago real estate board in a circular notified the signers of proxies that the same would be voted at the adjourned meeting of the board to be held next Thursday.

Chief O'Neill of Chicago complained that justice court technicalities aid the gamblers, and he cites a case where a hand book man was discharged because the police could not show that there were races in New Orleans on a certain day.

In an address before the Chicago Arche club Mrs. Chandler, president of the Englewood Woman's club, said the selfishness of women has an ill effect on women's organizations, and must be eliminated before these societies reach the ideal stage.

A fire in Watertown, N. Y., destroyed the Otis house, one of the largest hotels in the city, and completely gutted the numerous stores in the block. The hotel was crowded with guests and many narrowly escaped. The loss is estimated at \$200,000.

Options on Coal Mines.

Huntington, W. Va., March 7.—A syndicate of Cleveland capitalists is securing options on coal mines on the Kanawha and New rivers. The Boomer Coal and Coke works on the Kanawha has been sold for \$750,000.

Jewels Are Stolen.

Boston, Mass., March 7.—Jewels valued by the owner at over \$3,000 are reported to have been stolen from Mr. and Mrs. Charles W. Pigeon of this city on the steamer Farragut, bound for the Jamaicas.

LOVE FEAST AT A FRENCH BANQUET

Collation in Honor of President Francis, of the St. Louis Exposition, a Grand Affair.

HUNDREDS THERE IN FLOATING ICE

Members of the French Cabinet and Ambassador Porter Join in the Demonstration.

(Special By Scripps-McIntae.)
Paris, March 7.—The banquet given by the French exhibitors at the St. Louis exposition to President Francis of the exposition turned into a Franco-American love feast before it had continued very far.

Large Affair.
Aside from President Francis and Ambassador Porter members of the French cabinet and fully five hundred of the most important American and French business men were present. The affair has created considerable talk.

A Love Feast
As soon as the speeches began the president of the United States and the president of France were toasted and then the virtues and goodness of the American people were the topics of the Frenchmen's toasts and the Americans responded by doing like honors to the French.

TO HOLD SERVICES IN PRIVATE HOMES

Series of Cottage Prayer Meetings Planned as Preparation for the Revival.

Definite preparatory work for the revival services to be held in this city the latter part of this month will begin during the coming week. Cottage prayer meetings will be held on Wednesday and Friday evenings at 7:30 o'clock at twelve homes in various parts of the city. All interested people are invited to attend the meeting at the home which is located most conveniently. This is an interdenominational movement and while five churches have it in charge, sectarian lines will be abolished.

The homes at which the prayer meetings are to be held next week are: Edward Ringer, 52 Mineral Point avenue; I. A. Whitton, 129 Pearl St.; H. F. Nott, 111 Terrace street; Mrs. James Simpson, 10 Prairie avenue; Alexander MacGregor, 9 Wisconsin street; James Scott, 1 Fifth avenue; J. A. Craig, 250 Prospect avenue; F. F. Lewis, 153 Jackson street; S. F. Sanborn, 35 Clark street; Mrs. Mary Carle and Mrs. Jennie Keller, 251 S. Jackson street; D. S. Cummings, 64 Park street; Mrs. George H. Rumrill, 152 Linn street; W. J. Bates, 7 Racine street.

MERRIAM RESIGNS

Will Leave Census Board to Enter Mercantile Agency

(Special By Scripps-McIntae.)
Washington, March 8.—Wm. Merriam, director of the census, today handed his resignation to the president. He leaves the service to become the vice president of an international mercantile agency in New York. Ex-Congressman Mercer of Nebraska is spoken of as a successor.

GEN. WOOD TO ABOLISH SLAVERY AND POLYGAMY

Official Who Cleaned Up Cuba Has Big Job Ahead of Him in the Philippines.

Washington, March 7.—Slavery and polygamy, annexed with a lot of other things when we retired Spain from her Pacific colonies in 1899, are now to be wiped out in the Asiatic United States as they have been in the United States of North America. That is the real purpose of the assignment of Gen. Leonard Wood to duty in the Philippines.

In all the official references to his new duties the impression has been conveyed that he was to go into the Moro country to "clean it up" and put things into a more wholesome civic and hygienic condition, as he did in Santiago after the close of the Cuban war, and it is further known that his ultimate destiny is the supreme command in the Philippines, which his friends hope he will be able to make the stepping stone to the head of the army at home.

But Gen. Wood will not go to the Philippines by the most direct route. He will pass slowly through Europe and make one or two stops by the way, after he reaches Asiatic waters. This is with a view to picking up some information and suggestions from European governors of experience in such matters as to the management of polygamous and slaveholding native people.

Signor Mascagni may make another visit to Milwaukee.

FERRY BOAT WAS SWEEPED OVER DAM

Glenn Falls, New York, the Scene of a River Accident This Morning.

SEVERAL HUNDRED PASSENGERS WERE ON BOARD, AND MANY TRIED TO SWIM ASHORE.

(Special By Scripps-McIntae.)
Glenn Falls, N. Y., March 7.—Owing to the high water and excessive swiftness of the current of the river, a large ferry boat was swept away down stream this morning and it is feared that many lost their lives in attempting to escape.

Many Jump
The passengers of the boat were mostly Italian laborers and they became panic stricken as soon as the danger was seen. Many of them jumped over the railing and attempted to swim to the shore while others staid on the boat.

Over the Dam Perhaps
The accident occurred just below Spier Falls and the boat was caught in an immense flow of ice. It is feared that the boat was swept over the dam, some miles below the city and if so it is expected that all on board will have been lost.

The spread was served in the dining room back of the High school gymnasium and the dainties which the young ladies had prepared were heartily appreciated. After the good things to eat had vanished the young people had a merry time in clearing away all traces of the feast. Then the happy company trooped down stairs and until a late hour the building rang with the music of merry voices. Jolly songs were sung, Miss Grace Winterroth presiding at the piano. Members of the boys' team were unanimous in expressing the opinion that the girls were "awfully jolly" to entertain them so royally and the entire affair, strictly informal as it was, proved one of genuine good times which High school students know so well how to enjoy.

Kent Will Captain Team
Channing Kent was elected last evening to lead High School Five. At a meeting of the members of the high school basketball team held at the close of the Beloit match last evening Channing Kent was elected captain of the five for the next year. Kent has played a uniformly fast game throughout the season, occupying the positions of center and forward, and under his leadership the basketball five should hold a place even higher than it has this season.

INDIANA MEN OWE \$150,000 TO BANKS

Thomas C. Hammond and Jerome Allen Are Indebted to Financial Institutions in Large Sum.

Greencastle, Ind., March 7.—Bankruptcy court summonses were served here on Thomas C. Hammond and Jerome Allen, late president and cashier, respectively, of the First National bank of this city. Two weeks ago the two men made a voluntary assignment of their individual property after a suit had been filed against them for the collection of a note of \$5,000 by Alfred Hirt, the president of the bank.

Since then it has become known that Hammond and Allen are indebted to the First National bank for \$59,000, to the Columbia National bank of Indianapolis for \$6,500, to the First National bank of Brazil for \$4,000, to the Riddle National bank of Brazil for \$3,000, to the National State bank of Terre Haute for \$2,500, to McKee & Co. of Terre Haute for \$2,000 and to other parties, mostly private citizens, including many women, to an aggregate of almost \$150,000.

The assignment was made to the Central Trust Company of this city. Their assets are said to be valuable and ought to pay some 50 or 60 per cent on the dollar. There is a possibility of federal proceedings outside the bankruptcy court.

Dr. Daniel C. Gilman, for many years president of Johns Hopkins university has been elected president of the American Bible society.

LIGHTNING BOLT DESTROYS HOUSE

The Hanover Home of Fred Schultz Burns to the Ground—Narrow Escape for Family.

During the storm of last night a bolt of lightning struck the home of Fred Schultz in the town of Hanover and set fire to it. Mr. and Mrs. Schultz and two daughters who were in the house at the time barely escaped with their lives and inside an hour the entire structure was burned to the ground.

Down the Chimney
The lightning came into the building by way of the chimney and the noise of the rending of the woodwork awakened Mr. Schultz who immediately saw that the entire building was on fire. He and his two daughters quickly made their escape and with the help of neighbors, who came to their aid, succeeded in saving a portion of the furniture on the ground floor.

Burns Rapidly
The house, however, burned so rapidly that little was carried out and that was badly damaged by the rain that followed. There was about nine hundred dollars insurance on the building and contents and Mr. Schultz's loss will amount to fully fourteen hundred dollars.

Saved Shop
Mr. Schultz's shop closely adjoined the residence and was with difficulty saved. The heavy rain coming as it did and the work of a volunteer fire department saved the building from any damage but a slight scorching. The barn in the rear also caught fire several times on the shingles but was quickly put out.

Second Fire
This is the second time that this residence has been destroyed by fire within three years and the building burned last night was almost new.

CRUISER CHATTANOOGA

New Addition To The Navy Is Launched With Much Ceremony

Elizabeth, N. J., March 7.—The new U. S. Cruiser Chattanooga was launched here this afternoon. The vessel was christened by Lillian Chambliss, the daughter of the mayor of Chattanooga.

REVIVALISTS SANKEY'S SIGHT

His Son Admits He Is Totally Blind But Has Hopes

New York, March 7.—Allan Sankey, son of the evangelist Ira Sankey, admitted today that his father was totally blind at present, but it is hoped to restore the sight of one eye.

STATE NOTES

It is said that the Milwaukee Country club stands in line to secure the western golf championship contests this coming season.

Stephen W. Bolles, a representative of the St. Louis fair, is making efforts to secure an exhibit from the paper makers of Appleton.

An eight-year old son of Sylvester Hopwood of Prairie du Chien was accidentally killed by falling against a door casing, injuring his brain.

Lyman D. Norton of Baraboo caught in the belt of a wood sawing machine received serious wounds on his head and body. Several ribs were broken.

Sidney Lee, the famous English lecturer and editor, has been secured by the English department of the state university to deliver a series of three lectures.

Frank Bell, a notorious crook who escaped from jail at Prairie du Chien three years ago, is again behind the bars. He has police records in Iowa and western Wisconsin.

Alderman Willard Lansing of Neenah, aged sixty seven years, died at his home. He is survived by a wife and ten children. He was the last of a family of soldiers.

The United States civil service commission announces an examination at Milwaukee for April 21 for the positions of librarian and seamstress in the Indian service.

By figures of the report of tonnage compiled at Manitowoc in February, it is shown that that port is second to none in the state in the amount of tonnage shipped out, exceeding Milwaukee's output by 30,000 tons.

Operations have been begun at Menominee to develop gold and silver in the town of Stanton, near Menominee. It is believed that crude oil will also be found.

This evening at Madison a "circus" will be held by the students of the state university. The preparations have been going on for weeks, and it is expected that all past events of the kind will be surpassed.

WILL SELL THE LINCOLN FARM

Homestead Where Great President Was Born to Be Auctioned.

Hodgenville, Ky., March 7.—The old Lincoln homestead near here, the birthplace of Abraham Lincoln, will probably be sold under the hammer within a few weeks. A petition has been filed in the La Rue circuit court by A. W. Linforth as trustee in bankruptcy of Alfred W. Dennette, plaintiff, against David Crear and Alfred W. Dennette, defendants. The suit is for the purpose of setting aside a former sale of the farm to David Crear by Alfred W. Dennette. Several years ago the old log cabin which stood on the place, and the one in which Lincoln was born, was torn down and taken to the Buffalo exposition, and was later removed to New York city. The only thing that marks the spot where Lincoln was born is a large flagpole that was erected there shortly after the removal of the cabin.

BURDICK CASE IS MYSTERIOUS

Woman Closeted All the Morning in the Police Headquarters, Only a Witness.

CLOSELY WATCHED

The Police Claim They Have Clues That Will Lead to Several Arrests Very Soon.

(Special By Scripps-McIntae.)
Buffalo, March 7.—The police and detectives working on the Burdick murder mystery this morning arrested an unknown woman in connection with the death of the late club man and society leader but refused to make her name known.

Not Hitherto Mentioned
They however admit that the woman is one whose name has not hitherto been mentioned in connection with the crime and against whom the police claim to have the strongest kind of evidence possible.

Later Developments
After the woman had been put in the sweat box for some hours by the district attorney and detectives it was given out that her name was Marion Hutchinson and that she lives in the city and was well known to Burdick.

Woman Released
Miss Hutchinson was released this afternoon. She worked in Burdick's factory and had intimated that she could give valuable information relating to the murder. She was taken to the police headquarters for that purpose.

W. H. ABBOTT DIED TODAY

Former Janesville Resident Died in Milwaukee After Many Months of Illness.

William H. Abbott, for many years a Janesville citizen, and more recently of Milwaukee, died at his Milwaukee home at one-thirty o'clock this afternoon. The sad tidings was conveyed by a telephone message from Thomas P. Abbott of the Janesville fire department, who was at the death bed of his brother.

Mr. Abbott was born in 1865 and grew to manhood in this city, his trade being that of a shoemaker. He was employed in several of the factories that have been located here, the old Wisconsin, the Richardson and Norcross and the Marzuff.

At the time of the Spanish war he enlisted with a Minnesota regiment. He went as far as Savannah, Ga., where he received an honorable discharge and returned. He then went to Milwaukee where he has since resided. For a year past he has been the victim of the sickness which today terminated in death.

A mother, Mrs. Mary Abbott and three brothers, Thomas P., Edward P., and Joseph J., survive him. They all lived in this city until a few years ago, when they removed to Milwaukee, except Thomas P., who now lives in this city. Their remains will be brought to this city for burial.

WABASH ROAD TO BEAR BRUNT

Railroad Men Will Make Test Case of This Road on the Strike Question.

(Special By Scripps-McIntae.)
St. Louis, March 7.—Vice Grand Master Lee of the Brotherhood of Trainmen officially denies the statement that in the event of a strike on the Wabash the other roads will go out in sympathy. The fight he declares will be with the Wabash only. The attorneys for the trainmen resumed work this morning on their petition for dissolution of the injunction. It is not likely that the petition will be filed before Monday.

HOT SHOTS AT THE WATER CURE

Judge Advocate General Davis Says It Is Felonious Homicide, Not Warfare.

Washington, March 7.—In reviewing the case of Captain Brownell, charged with the death of Father Augustin in the Philippines by administering the water cure, Judge Advocate General Davis makes some vigorous comments. He says that the resort to torture in order to obtain information from prisoners of war in violation of the articles of war and constitutes a form of felonious homicide.

Evade Arbitration.
Auckland, March 7.—All the cabinet makers have been locked out in consequence of a decision of the arbitration court raising their wages to 1s 3d per hour. The masters will in future import all the furniture required.

BUSINESS MEN'S ANNUAL MEETING

ASSOCIATION HAS BEEN A BENEFIT TO THE CITY.

CONDITION IS PROSPEROUS

Officers Are Elected, Dues Cut Down, and a Beet Sugar Factory Project Discussed

That the Janesville Business Men's Association has taken a prominent part in the advancement of the city was indicated by reports rendered at the annual meeting, held in the assembly room of the city hall last evening. Since its organization a little over a year ago it has aided in securing to this city at least two plants which are now in operation, and the acquisition of which is of distinct advantage to Janesville. These are the Vander Pore Sugar company, which has been in operation for some time, and the American Beet Sugar company, which will soon be able to claim the payment of the subscription offered them to locate here. In addition to retaining the Marzluft shoe company, a proposition from the Newman Shoe company was considered and rejected. Money from the treasury of the association has been appropriated and used toward advancing the beet sugar industry.

At present the association has a membership of nearly two hundred. With the halving of the annual dues that list will probably grow rapidly.

Sugar Factory Question
Owing to the disagreeable stand taken by the weather the attendance was not large. As no business of great importance was transacted the deficiency in numbers did not greatly affect the purpose of the meeting. Although the beet sugar factory proposition was thoroughly aired it was decided that no definite action can be taken at present, aside from asking for an agreement with President Wagner of the Wisconsin Sugar company as to the terms on which he would erect a plant in this city next year.

L. B. Carle called the annual meeting to order at eight o'clock and requested A. E. Bingham to read his report as secretary. He did so, reading the minutes of the meetings from the time of reorganization, Feb. 25, 1912. The report showed the action taken in regard to the Marzluft company, American Beet Co., Newman Shoe company, American Sugar company, Hough Pore Sugar corporation.

The annual report of the finances of the association showed a balance in the hands of the treasurer of \$208.81. On March 1, 1912 the cash on hand amounted to \$51.33. Dues during the year amounting to \$278. The disbursements reached a total of \$121.12. 172 names are now on the membership list of whom 31 have not yet paid their dues for the past year.

Old Officers Re-Elected
Nominations for the officers for the coming year were left to a committee of P. J. Mount, H. F. Bliss and C. W. Jackman. They reported in favor of L. B. Carle as president; Michael Hayes, vice president; George D. Simpson, second vice president; A. E. Bingham, secretary; A. P. Burnham, treasurer. The report was adopted and the secretary instructed to cast a unanimous ballot in favor of these men. The men nominated are the same who have held the office since the re-organization of the association.

On motion of T. O. Howe and in view of the balance now in the treasurer's hands, the annual dues were reduced to one dollar.

Ranks At Head
Walter Helms then gave a report of the beet sugar industry in this county. He showed that by a state test the sugar beets raised in Rock county ranked higher than any other in the state. Then he read a detailed report of all beet contracts let and the result in sugar percentage, tonnage to the acre, and cash paid to the raisers. In view of the wet and unfavorable atmospheric conditions, and the inexperience of the growers, the yield was remarkable. Under no circumstances is the cost of raising beets greater than \$20 per acre. Many farmers expect to get a return this year of \$100 an acre and more. Difficulty has been met this year by the lack of transportation save over the C. & M. & St. P. R. R. which shuts off many farmers to reach Leyden and in other directions where only the C. & N. W. tracks are available.

Mr. Helms said that he was almost prepared to guarantee to get the 4,000 acres which President Wagner of the Wisconsin Sugar company wishes to come here.

A. E. Bingham read a letter from Mr. Wagner making his proposition. All he asks is a guarantee of a 4,000 acreage for three years. He would prefer that the city furnish a site.

A Splendid Offer

It was explained that the company would probably build without the inducement of a site and that plans have later been so changed that instead of the \$600,000 factory originally planned that the company would probably stand ready to build a \$1,000,000 factory of a daily capacity of one thousand tons through the season. Mr. Wagner would be willing to dispose of one-half of the stock in the concern to local business men, if desired, although he would stand the entire expense otherwise.

So far as could be seen there was little to do at the present time. The factory could not be built before next November, when the foundations would be laid. Mr. Helms said if he were to attempt to raise the average he would not care to write the contracts before the first of October.

If the matter were to be placed in his hands Walter Helms said that he would secure the acreage at twenty-five cents an acre. If he did not get the four thousand acres he would not ask a cent.

Influence of Weather

P. Hohenadel, Jr., said that he believed the whole success of the pro-

ject lay in the weather this coming season. If the season should be bad, there would not be men enough in the city of Janesville to secure four thousand acres. If the season should be favorable there would not be the slightest difficulty. He had found that the case with his canning factory.

T. O. Howe moved, and the motion was carried, that Walter Helms be authorized to secure a definite proposition in writing from R. G. Wagner, president of the beet sugar company. Walter Helms advocated talking the project up among the farmers by the merchants. Their moral support would be a great aid toward the factory.

CHIEF KLEIN IS CHANGING WIRES

Will Make System in This City as Complete and Perfect as Possible.

Chief Engineer H. C. Klein was engaged Friday cutting out the electric lights in the city clerk and city treasurer's office and also in the council chamber, so they would not be connected with the meter. The Janesville Electric company in their contract with the city agree to furnish lights for these rooms free of charge. However when the city hall was wired for lights all the wires were connected with the meter and the city was paying for the light used in the offices and council chamber. The matter was reported to the council and the city engineer was instructed to change the wiring.

LONG RUN FOR THE FIRE DEPARTMENT

Crossed Wires on Roof of the Woolen Mills Causes Alarm To Be Sent In.

Crossed wires at the lower cotton mill plant of the Janesville Electric company caused a telephone alarm of fire to be sent to the west side engine house shortly after one o'clock last night. Fifty-three was rung in on the "kiddie" and the department made a quick trip as far as the woolen mills. The telephone alarm had been rather vague as to the location of the fire so the lower cotton mill plant was called up by phone from the woolen mills. The man in charge said that the fire was in the main building but he thought it was about out. Chief Klein to make sure took one of the hose wagons down to the building but found no use for it.

Electric Wires
The fire was caused by a live and a dead wire becoming crossed somewhere on the line and causing a short circuit. The current was carried back to the roof of the building where it burned through the tin roof and ignited the roof timbers. The man in charge of the plant saw the fire and telephoned in the alarm. In order to stop the cause of the fire he shut off the current supplying the lamps on that circuit and the whole lower end of town was left without light.

Bad Move
Shutting off the lights made it bad for the fire department. A heavy fog prevailed at the time and after leaving Pleasant street it was so dark that it was almost impossible to see the road or tell where to turn. The department reached the mills all right but the trip was necessarily slower than usual.

YOUNG SANDOW IN NEW ROLE

As Mike McGuire He Appears at Beloit as a Would-Be Prize Fighter.

Young Sandow was administered another defeat at Beloit last evening. This time it was with the gloves, and the name under which this pugilist-wrestler of many names was introduced to the audience which assembled in the East Side M. W. A. hall, was Mike McGuire. His opponent was a Chicago negro, Billy Maher, and the latter's superiority was evident at every stage of the eight rounds.

As a preliminary bout two Beloit youths, whose ring titles were "Young Fitzsimmons" and "Kid McCoy," fought a four round bout for points. The boys were about on a par with the gloves, and the match showed up some sparring that was nearly as lively as the main event. Fitz got the decision.

The Janesville spectators at the ringside were well satisfied with the exhibition that they saw. Among them were Fred Jones, James Gardner, Tom McKeigue, Fred Anderson, and Hurd Wixon.

...Forty Years Ago...

Janesville Daily Gazette, Saturday, Mar. 7, 1863.—The telegraph brings us the sad and unwelcome news of the capture of the 22nd Wisconsin regiment, preceded by a large loss of life. No particulars are given, and we hope subsequent reports will be more favorable. This regiment was commanded by Col. Utley, and embraced Capt. Miles' company, recruited mainly in this city and vicinity.

The army of the Potomac is now being supplied regularly with fresh bread, which is much relished by the soldiers after their long diet on "hard tack." The bread is baked in the encampment, two sets of men, detailed for this purpose, running the oven night and day. Each gang consists of two bakers, two assistants, and two helpers. The ovens are generally made about seven feet wide and ten feet long, of simple

FINAL STEPS IN CONTEST PLANS

HOLD EXTEMPORANEOUS SPEAKING CONTESTS.

INTER-CLASS MEETS ARE NEXT

Last Preliminaries Before the Annual Medal Contest, Come Next Week.

Students at the Janesville High school are busy with contest work at present, the close approach of the medal contest serving as an incentive to increased activities. The annual High school contest at which the four gold medals will be awarded and the schools representatives to the league declamatory contest chosen will be held on Friday evening, March 27 at the High school building.

Dates Are Set
The interclass preliminaries in declamations and extemporaneous speaking will be held next week. Competition for the oratorical medal is limited to the Seniors and Junior classes and there will be no preliminary contest in this work. The orations have been handed in by the members of the two classes and they will be marked on thought and style. The writers of the four orations receiving the highest marks will appear on the medal contest. Neither will there be an oral contest in original poems. The manuscripts will be submitted to the judges who will decide upon the prize winner.

Interclass Contests
The interclass contest in extemporaneous speaking will be held next Tuesday afternoon followed on Wednesday afternoon by the interclass declamatory contest. The representatives in the declamatory contest have been chosen for some time and are Ada Longley, Julia Lovejoy, Elsie Crail and Harold Jones, Freshman; Mabel Charlton, Frances Ingle, Clara Jones and Edna Mullock, Sophomores; Daisy MacLean, Ethel Bates, Mattie Decker and Ada Buckmaster, Juniors; and Elisabeth McKee, Josephine Fenton, Harold Hall and Archie Reid, Seniors.

Class Contests Held
All four classes held their preliminaries in extemporaneous speaking at the High school Friday afternoon. Members of the faculty served as judges. The Senior teachers conducting the Junior contest and vice versa while the Freshman and Sophomore teachers interchanged.

As a result of yesterday's contest the Seniors will be represented in the school competition for the medal in extemporaneous speaking by Stow Lovejoy, Harry Doran, Elisabeth McKee and Mary Skarlem, with Fred Wilkerson as alternate. The other contestants were Gardner Kavelege, Ava Dutton, Harriet Hutson, Nettie Holt, Thomas McLernan, Pliny Wilbur, Mary Roberts and Archie Reid. The teachers who served as judges were Misses Carrie Zehninger, Gertrude Zehninger and Genevieve Decker.

Junior Results
The successful ones in the Junior contest were John Roberts, Russell Zehninger, Mable Gosselin and George Searleff with Julia Austin and Frank Ehringer as alternates. The others who completed with them for honors were Clarence Van Beynum, Jean Powell, Roger Wiggins, Emma MacLean, Ada Buckmaster and Etta Hall. The judges were Supt. H. C. Buell, Miss Grace Mount and William R. Norris.

In the Sophomore contest those chosen were Ruth Fifield, Earl Brown, Robert Jensen and Clayton Fisher with Grace Winterroth and Albert Brigham as alternates. Other speakers were Harper Gallup, Maud Muddock, Edward Hyzer, Lella Whipple, Clara Jones, Edward Lits, Mae Hayes, Mattie Heller, Elizabeth Broderick and Beulah Brown. The judges in this contest were Misses Allie Thayer, Emma Paulson and Mabel Johns and E. J. Lohse.

Freshman Contestants
Among the Freshmen the successful ones were Walter Caemmerer, Margaret Goodwin, Julia Lovejoy and Jerome Davis with Orville Swift as alternate. The others who took part were Harold Jones, Lottie Wilson, Alice Roberts, Paul Porter, George Macree, Mary Gage, Millie Crandall, John McCue, Isabelle Ehringer, Harry Spencer and Roy Campbell. Those who selected the Freshmen representatives were Mrs. Francis Whitaker, G. M. Brace, John Arbutnot and F. M. Van Horn.

Thunder Storm: The first thunder storm of the season arrived about two o'clock this morning. For a time the rain fell in torrents and the thunder and lightning was quite severe. The present soft weather has caused the river to come up with a rush and it is filled with floating ice and debris from up stream.

...Forty Years Ago...

Janesville Daily Gazette, Saturday, Mar. 7, 1863.—The telegraph brings us the sad and unwelcome news of the capture of the 22nd Wisconsin regiment, preceded by a large loss of life. No particulars are given, and we hope subsequent reports will be more favorable. This regiment was commanded by Col. Utley, and embraced Capt. Miles' company, recruited mainly in this city and vicinity.

The army of the Potomac is now being supplied regularly with fresh bread, which is much relished by the soldiers after their long diet on "hard tack." The bread is baked in the encampment, two sets of men, detailed for this purpose, running the oven night and day. Each gang consists of two bakers, two assistants, and two helpers. The ovens are generally made about seven feet wide and ten feet long, of simple

Dr. H. Caldwell will deliver a free lecture on horsemanship at Lappin's hall Saturday evening, March 7th, at 7 o'clock. The doctor will appear on Monday at 10:00 o'clock on Milwaukee and Main streets, in this city, driving his trained stallion, "Baby," without reins, breeching, or breast collar.

Religion On Business Principles
The Rev. A. H. Barrington of Christ church will preach in this subject tomorrow evening. Is it possible to bring religion down to principles that are applicable in business? Some of our merchants, in response to his queries, have declared that the honesty, sincerity, diligence and aggressiveness that characterize business should be applicable to religion. That the church should be supported by voluntary contributions or assessments; and that while there is a loss through the divisions existing among Christians, yet, if unity is not possible combination in the business world pays. But some prefer to take their religion as they please, and in homeopathic doses. They pay as they go (to church) and should the Lord want more they will patronize fairs, suppers, dancing parties, card or other games and enjoy themselves and; if there is any profit over and above expenses it goes to a worthy cause. They don't want unity—one church with a definite teaching. They prefer to think, act and choose for themselves. Are they right or wrong according to the religion of Jesus Christ.

Marriage Licenses: Marriage licenses were issued Friday to Charles E. Jones and Florence A. Ashbaugh, both of Janesville; Charles F. Ringhand of Brooklyn and Minnie M. King Evansville; John Bradt and Lillian Davis of Bradford; Robert Pollard and Mrs. Mary Pollard both of Beloit. The last named couple may have some trouble in getting married legally before the 28th of next May unless they secure special license from Judge Dunwiddie or Judge Sale, as there was no permit in the judgment of divorce allowing either party to remarry inside of a year. The law does not allow parties to a divorce to remarry inside of a year unless by order of the court.

STATE OF WISCONSIN County Court for Rock County. In the Matter of the Estate of John H. Haviland, deceased. In Probate. On reading and filing the petition of Mrs. C. Haviland, executrix of the will of John H. Haviland, deceased representing among other things that said deceased died seized of certain real estate therein described, and that it is necessary to sell or inumber the same to pay debts of said deceased, and praying for license to sell a part of same, and it appearing to the court that the person claiming the said real estate is in fact a copy thereof in said estate, and it is necessary to sell or inumber a part of said real estate for that purpose. It is ORDERED, that said petition be heard at a regular term of said county Court, to be held in and for said county, at the court house in the city of Janesville, on the first Tuesday, being the seventh day of April, A. D. 1913, at 9 o'clock a. m.

It is further ORDERED That this order be published at least four successive weeks, before said day fixed for the hearing of said petition, in the Janesville Gazette, a daily newspaper published at the city of Janesville, in said county, and that a copy thereof be served on Dora L. Haviland, Thoresa Bandlett, Merritt H. Haviland, R. J. Richardson, they being all persons interested in the said estate and residing in this county at least twenty days before such day.

Dated March 5th, 1913.

A Layman's Lenten Sermon.

Tenth day of Lent: Matthew xvi 6. "Then Jesus said unto them, Take heed and beware of the leaven of the Pharisees and the Sadducees." In this one verse we see Christ warning His disciples against the scoffers and unbelievers of the world. Even as they existed at this time so do they exist today throughout the entire world and his words of warning "Beware the leaven" may be well taken today.

This world of ours, that is yearly growing older and more wise in worldly affairs, too often neglects the spiritual for the material things. To many the acquiring of riches even at the expense of others less fortunate is a part, an essential part, of their daily struggle. They forget friends

and only think of their own selfish interests. Outwardly they may make a show of being devout church members but inwardly they are like unto the Sadducees and the Pharisees of the Bible.

This world is full of them. But we are warned against them by Christ in this one passage. We are told to beware the leaven of the Pharisees and Sadducees. Christ was a teacher of men. He came upon this earth to do mankind good. He came to warn him against the trials and temptations of this world and help him to a better spiritual understanding of the world to come.

This is the Lenten season. The breaking of winter into a glorious spring. It is the casting off of the

fetters of snow and ice and taking on the garb of flowers and joyfulness. A turning point in the life of the year. Can we not make it a turning point in our lives? Can we not listen to the wee small voice that calls to us from our souls' depths "Beware the leaven of the Pharisees and the Sadducees."

Too often we are led by our conviction rather than by our own careful judgment. We are all doubters and unbelievers of things that are not plain to us and could we put our faith in our own convictions and follow that inherent love of God and His teachings in all our daily work, this poor world would grow better until it reached the ideal Utopian plan of life.

...Theatrical Notes...

"Coming events cast their shadows before," is an old saying, but the advent of Gideon's Big Minstrels should be the exception to prove the rule—for never was a minstrel company organized that can more successfully dispel gloom and bring to all with whom they come in contact an evening of unalloyed and wholesome pleasure. They will appear at the Myers Grand opera house on Monday, March 9.

This company of minstrels and specialists, who have banded themselves together for the sole purpose of making people laugh and for the once forgetting the cares of this work-a-day world, number thirty-five artists, everyone of whom is recognized as peerless in his own particular line. The performance is an up-to-date regulation minstrel show. In the first part, which is given a beautiful and rich staging, are sung the latest ballads and "coon" songs, with a budget of jokes that possess the very unusual merit of being absolutely new. This is followed by an olio of eleven numbers which has no equal on the vaudeville stage today.

The military band of this company numbers twenty solo musicians and will give a big novelty street parade at noon and a free open-air concert at 7 o'clock in the evening. The box office opened this morning at 9 a. m.

Nat Goodwin Couldn't See the Joke When Nat C. Goodwin was presenting "An American Citizen" at the Duke of York's theater, London, he was taken ill and S. Miller Kent who will be the attraction at the Myers Grand in "The Cowboy and the Lady" took his place on short notice. This fact was chronicled in

London papers and the excellence of Mr. Kent's performance enlarged upon. One night a royal duke attended the playhouse, but after the third act he went to the office and demanded his money back, saying: "I did not pay ten shillings to see a red-headed understudy." It had happened that Nat C. Goodwin had returned unexpectedly to the cast that night. When Goodwin was told of the duke's mistake, he said he couldn't see the joke.

While "David Harum" as a play, must necessarily be a replica of country life, its scenes being laid in a rural town in central New York, it must not be taken that the work belongs to that type of dramatic production known as the "b'gosh drama." In the strict sense of the word "David Harum" could never be a hayseed play. Country scenes are shown in the comedy and country types of characters made use of, but there is its likeness to rural plays scenes. David Harum as drawn by Westcott is not at all of the Joshua Whitecomb or Nathaniel Berry type. He is by no means a rustic, but a townsman and there is nothing unsophisticated about him. He is a keen, shrewd and observing old chap whose education might be deficient, but who knows enough and to spare to conduct a banking business and make money. Turner's portrayal of Harum, which is to be seen at the Myers Grand, March 13 is said to be one of the best things the actor has ever shown to the public. His hit in it has been pronounced. In the presentation of the dramatization of Westcott's widely read story here there will be seen a company of much all around excellence.

BOTH GAMES WON BY HIGH SCHOOL

BELOIT AND ALUMNI BASKET BALL TEAMS DEFEATED.

SEASON ENDED BRILLIANTLY

High School Players from the Line City Were Defeated Unmercifully—Detailed Results.

The high school basketball season closed in a blaze of glory. One hundred and fifty Beloit high school students came to this city last evening to see their representatives snowed under in as pretty a game as one could ask to see. From the first the locals played good ball but at the last they excelled themselves. While the Beloiters failed to make good on the score sheet they at least succeeded in inspiring their opponents to star play. Such rooting has not been heard in the high school gym this season. The six o'clock car, the seven o'clock car, the eight o'clock car and a special at about 7:30 all contributed to the number of enthusiastic Line City students. Tin horns and lusty lungs filled the air with a din that was hardly diminished when their representatives were playing a down hill game.

Much Good Playing

During the first half the locals depended more on individual work than later. At first it was all basket throwing, whenever the net was within hurling distance. Then the boys sobered down to play the game. Team work and fast, accurate passing took the place of the promiscuous individual work with which the contest had begun.

Of the visitors Buckley was easily the star. Of the ten points which were made by them, against thirty-two by the locals, he was responsible for nine.

Alumni Tie Decided

In the high school alumni girls series the deciding match of the series of three went to the undergraduates by a score of ten to five. The playing was fast and exciting. The Beloit car left at about nine-thirty, and so most of the visitors took their departure at the close of the other match without to witness the concluding half of the girls' game. Those who remained cheered loudly enough

to make up for the deficit.

Y. M. C. A. BOWLERS IN A TOURNNEY

Four Teams of the Original Five Are Now Left to Compete.

Teams in the Y. M. C. A. Junior League, captained by Merrill & McNitt, will bowl a tournament match on the association alleys this evening. Although both Association and City Leagues have reached a state of torpidity the Juniors are keeping up their games with regularity. The series is now beginning to approach its end. Originally there were five teams in the league, but one has dropped out. As the teams now stand their percentage is as follows:

Captains.	Played.	Won.	Lost.	Pct.
Guthrie.....	7	7	0	1.000
Merrill.....	6	2	4	.333
Wilkinson.....	4	1	3	.250
McNitt.....	3	0	3	.000

Ed Horn holds the best record made in the series for individual score. He chalked up a game at 183. Little made high three game average of 152. The teams are made up of three men each, as follows.

Guthrie, Rasmussen, Little.

Merrill, Murdock, Sullivan.

Wilkinson, O'Donnell, W. Gregory.

McNitt, Lester, Flaherty.

MANY WENT TO BELOIT DANCE

Many Attended Prof. Kehl's Party at the Line City Last Night.

Attracted by Prof. Kehl's dancing school at Beloit last evening a merry party of Janesville young people made a trip over the R. B. & J. to attend the hop, returning on the owl car. To say that in point of enjoyment the trip was a success is to make too conservative a statement. In spite of muggy atmosphere, muddy streets and the promise of a thorough soaking, merriment was at a high pitch. Among those who comprised the party were Messrs. Percy Merrill, John Sherer, J. Ryan, I. Golling and the Misses Edna Murdock, Maud Murdock, Peters and Winifred Fifield.

Thomas Brannan of Beloit visited in this city today.

INTERURBAN ROAD ELECTS OFFICERS

Rockford-Beloit and Janesville Line Chose Officers for Ensuing Year.

A meeting of the stockholders of the Rockford, Beloit and Janesville railroad company was held in Chicago on Thursday afternoon and a board of directors and officers for the ensuing year were elected as follows:

President—H. R. Newcomb, Cleveland, Ohio.

Vice President and general manager—H. H. Clough, Beloit.

Secretary—Sidney W. Worthing, Chicago.

Treasurer—J. R. Nutt, Cleveland, O.

Directors—H. R. Newcomb, H. M. Carter of Chicago, Warren Blecknell of Chicago, Sidney W. Worthing and H. H. Clough.

Executive Board—H. H. Clough, H. R. Newcomb, Sidney W. Worthing.

Our Guaranteed Catarrh Cure

Hyomel Costs You Nothing If It Fails

Says The Peoples' Drug Company.

Among the many medicines upon market that claim to cure catarrh, none but Hyomel has enough faith in its own merit to be willing to refund the money if it does not cure.

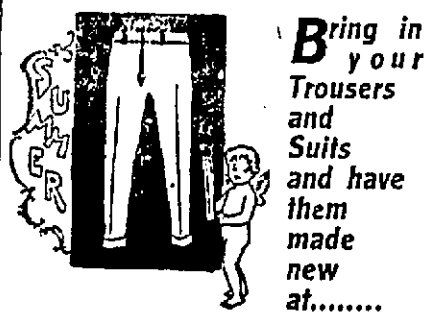

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under positive guarantee to return the money to all dissatisfied customers. The Peoples' Drug Co. sold thousands of Hyomel outfits in the last few years, and have had only two customers ask for a return of the money, which in every instance was promptly and cheerfully returned. They stand ready today to refund the price to any one who is not helped by Hyomel.

The complete outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomel and a dropper. The inhaler will last a lifetime, and additional bottles of Hyomel can be obtained for 50 cents.

Breathe Hyomel for a few minutes four times a day, and your catarrh will grow better from the first day use, and you will be completely cured in a short time.

Do not try to cure catarrh with ordinary stomach medicines. Breathe the healing Hyomel which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

It is the only treatment for catarrh where you can get your money back from a local dealer in case it does not help. Peoples' Drug Co.

When the Grand Climacteric Period of a Woman's Life Arrives

Paine's Celery Compound

Takes Her Safely Into After-Life Free From the Aliments and Dangers Common to Her Sex.

Change of life which usually comes on between the age of forty and fifty, as to thousands of women a time of serious constitutional disturbances. The danger time is made known by irregularities, stomach derangements, headache, nervousness, pain in back and hips, limbs and abdomen fre-

MRS. NELLIE TAYLOR, Of Solon, Ohio, Who Has Been Restored to Health by Paine's Celery Compound.

quently swell, piles do their annoying work, there is vertigo, palpitation of the heart and debility.

When any of these warning symptoms are experienced, the use of Paine's Celery Compound will do wonders for anxious and suffering women. Paine's Celery Compound used regularly for a few weeks, will build up nerve force and physical strength, tone digestion, keep the liver and kidneys in working condition, will banish gloomy fears and give sweet sleep. It has saved thousands of women from terrible sufferings and death. Miss Annie Pasold, of De Witt, Iowa, tells how Paine's Celery Compound made her mother well and strong; she says:

"My mother was taken very sick by approaching change of life and was confined to her bed for seven weeks. We employed the best doctor, but his efforts were of little avail. She could not keep anything on her stomach, could not sleep and she wasted to shadow. We procured a bottle of Paine's Celery Compound for her. Its use gave grand and wonderful results. She soon slept well at night, got stronger and her appetite returned. She is now well and strong and does her work with pleasure. She would not be without Paine's Celery Compound for any consideration."

Hasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It removes catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-Store or by mail, Trial Size, 10 cents by mail.

ELY BROTHERS, 50 Warren Street, New York.

Suits and Skirts

A little early, but a lively demand is already on and many have bought. The present showing of about a hundred all new Suits is attracting a good share of attention comprising as it does the pick from a number of New York makers of high-class made-to-order garments.

At \$10, a Suit of Special Value; others at \$12, \$15, \$18 \$20 \$22 and \$25

that are beyond question best in town at like prices. A very large line of Pedestrian and Dress Skirts, and new one coming every day. Every store claims the best \$5.00 Skirt, but look around and decide this yourself. We show twenty styles at this price. Including a line of sizes for Misses, 36 to 40 inch lengths.

Mercerized Satteen Waists

A splendid silk finish sateen waist, sizes 32 to 44, at \$1.00. Sizes 45, 48 and 50 at \$1.50

Ozomulsion

IN THIS BOTTLE

is a vitalized and vitalizing medicinal Food, which will make you feel young and strong. This Food made from the purest selected cod liver oil, sterilized, gaseolized and medicated by the addition of phosphorus.

No Food and no medicine will do you so much actual practical good as this scientific strengthening, flesh-former and builder, **OZOMULSION**.

Remember by what disease you may be afflicted, no matter what organ or part of your body is weak, **Ozomulsion** will, with patience, make you well and strong.

To some people, accustomed to look to drugs for relief from aches and ills, this may seem hard of belief, but those who know the true need of the body will easily acknowledge that only in food is to be found that strength which is the foundation of health, and without which drugs and poisons are as useless for bolstering up your system as is tissue paper for stopping a leak in a ship.

Therefore, if suffering from some chronic complaint, put your faith in **Ozomulsion**, and it will not disappoint you. If lungs or chest are weak and you suffer from coughs and colds, try **Ozomulsion**. If impoverished blood shows itself in pimples, blotches, skin troubles, etc., enrich your system with **Ozomulsion**.

WRITE FOR FREE SAMPLE.

To those who would like to try the wonderful properties of this great medicinal Food, we say: Send us your name and full address, and we will forward you, by mail, a sample free. Address

SELF COMMUNION

Leaning against a marble shaft at the cemetery, the other day, was noticed a man so deeply engrossed in thought that no attention was given to surroundings. As he turned away the startling sentence was uttered, "My God, I killed her."

The man was not regarded as a murderer. In fact he enjoyed a good social standing, was upright and honest, and when his wife was claimed by death, her loss was keenly felt, and evidences of genuine sorrow were not lacking.

As the months went by the sense of loss grew upon him, and the question was constantly before him, "Why was she taken away in the prime of life with no apparent cause, except a gradual decline, until strength was exhausted and the little spark extinguished?"

The year of loneliness had been a year of self-examination. He had lived over again the twenty years of home experiences, and the face of the happy girl, that swung on the gate in the moonlight, back in the days of courtship, haunted him.

He recalled the short honeymoon, and the first year in the new home so full of love and mutual helpfulness and he remembered the advent of the first baby that seemed to unite them with a golden cord of new and peculiar significance, and then, as thought journeyed down through the years, the gentle voice and pleasant smile was a memory of but yesterday, yet so full of bitterness that it seemed like a troubled dream.

He thought of the other children that came into the home and of the care and anxiety of the mother as added burdens and responsibilities fell to her lot. He saw the roses fade from her cheeks, and the sprightliness from her step, and then he recalled how gradually the home lost its charm, and as he became absorbed in business, he remembered how he neglected the little haven that was everything to the wife and mother. He had provided food and raiment with generous hand, but every expression of love had been neglected, and while no word of complaint was offered, he realized now that the home had been neglected, and the wife taken out of it prematurely.

There was no appeal as he turned away from the mound, with heart full of blighting memories, and the expression of self-condemnation was genuine and sincere. If he could recall the years all would be different, but that could never be.

The experiences of life are not lacking in this kind of tragedies. There is no record of accusation except the silent record that comes to individual consciousness. There are too many sepulchers, whose occupants should be treading the walks of life until the sands of time close the chapter, at the expiration of the age limit.

Self-communion is an important occupation, and the field is never very thoroughly occupied. The old command, "Know thyself," is fraught with the deepest significance and the importance of this kind of knowledge is not always appreciated.

It is so much easier to study the failings of others, than to recognize our own short comings, than we know our neighbors frequently better than we know ourselves.

Knowledge of self is important from every standpoint of human experience. It is necessary to proper care of the body and the highest measure of physical development. Life is lengthened and endurance promoted in proportion to the knowledge and observance of the laws of health.

There is no fatalism about life, and aside from unavoidable accidents there is no good reason why three score years and ten should not be acquired with the privilege of borrowing time for another decade.

Some one has said very truthfully that people have no business to know that they possess a heart, a stomach, or a liver. These organs and various other functions of the body are seldom recognized, except through the medium of pain.

While it is gratifying to know that the human system is so delicately constructed that friction and disturbance seldom annoy it, when in normal condition, it is well to remember that this delicate piece of mechanism can be neglected and abused until nature rebels and wreckage results.

Burning the candle at both ends may contribute to pleasure and gratify ambition, but the life goes out with the burning, and self destruction which in any other form would be called suicide, follows. Better knowledge of the limit of endurance, and a little sober self communion is a

life preserver, and a health promoter.

The mind, the domain of thought, is another realm that is all too frequently neglected. Some minds are so shallow that the effort to entertain a thought would be a travesty, while others are so crowded with conceit and arrogance that no room can be found for self examination.

It pays sometimes to move out the rubbish, dust out the corners, and have a quiet chat with the owner of the premises.

The statement is often made of men who lack decision, "He don't know his own mind." This is not the only class of people who are deficient in this kind of knowledge.

An all wise Creator planned the mind for a great store house, and in this age of bright civilization every opportunity is presented to fill it to its capacity.

When these opportunities are grasped and utilized, it becomes an engine of power so mighty in operation that the forces of nature and science bow in submission.

The hand on the lever, when great accomplishments are achieved, is the hand that packed the storehouse, and is not only familiar with its resources, but possesses confidence in ability to use them.

The great minds of today are controlled by people who know themselves better than they know any one else.

Many promising young men make a failure of life, not because they lack good minds, but because they lack knowledge of and confidence in their own resources.

They may be equipped with the best that the college can furnish, or they may have been trained in the practical school of life, unless ability is recognized and applied the best results will never be attained.

The hand is always the servant of the mind, and ever ready to do its bidding, but many hands are idle, and others weak and incompetent, because the call for execution has never been issued.

Earning capacity with the great mass of humanity, depends largely upon a skillfully trained hand, but back of the hand, and of more importance, is the receptive mind.

There will be fewer strikes and a less number of labor disturbances when the mind is called into action, and as much thought is given to the work, as time is given to the eye, in watching the clock.

There is another kingdom, which contributes to both mind and hand, where self-communion, and self-examination is too often a stranger, and that is the kingdom of the heart.

It is a precinct so sacred that none may enter unbidden, and yet it is always occupied. Contending forces strive for admission and the door is opened or closed, as the will of the possessor may determine.

It is a precinct so sacred that none as to the occupant, but it is never possible to deceive ourselves. The heart may be full of good impulses today and full of deceit tomorrow, but the possessor knows when the transformation occurred, and was a party to the transaction.

It is not so much a question of knowledge as of disposition. Some one has said that the heart is prone to evil, but back of the heart is the will that controls.

The world will be better in every way, when self-communion and self-control added by an invisible power that always makes for the right, is more fully recognized and observed.

The battle of life is an individual battle and victories may be won in every department of human endeavor if we will.

A BUSINESS ADMINISTRATION

The voters of Janesville will shortly have an opportunity to say whether they favor a clean, economical and wholesome administration, or whether they are satisfied to let the business take care of itself, very largely as it has done in the past.

They will have a chance to say whether men who seek office shall have their ambition gratified, or whether the business of the city shall be placed in the hands of men whose only ambition is to improve conditions. With 2,800 taxpayers, representing a large majority of the voting population, and every last one of them financially interested, there should be no doubt as to results.

The ticket to be presented by the Municipal League, will be a non-partisan ticket. It is the first time in the history of the city when the people have been favored with an opportunity to stand on one common platform, and work untidily for their own best interests.

This does not mean that the two parties will lose their identity, but it does mean that both parties, through their organization, will be favored with an opportunity to endorse a movement that is so full of hard business sense, that it commends itself without argument.

Neither party can afford to ignore the movement, and while there will be organized opposition, it will be of a nameless, brand, not creditable to fraternize with.

The business of the city should be conducted on the same principles as any other corporation. The servants of the public should be held accountable the same as paid employees in any business enterprise.

The men selected to hold positions of trust should be men of conscience as well as of ability. The time is ripe for business reform, and concentrated determination is back of the

efforts now employed. The people will, to have a better administration, and the will of the people, when united, means accomplishment. Let the good work go on and the city will be redeemed.

Oshkosh anglers make the plea that German carp should be preserved as they are the natural food for black bass. If the food supply runs short in the saw-dust city, Janesville will be glad to contribute. Rock river carp are quite vigorous, weighing anywhere from ten to thirty pounds. They would need to be served in installments, but to this the Oshkosh sportsmen will not object.

The tax commission is not infallible, and unless railway statisticians are very much in error, the commission has made a grievous mistake in its published statement of real and personal values. It is well for the state and for the companies interested, that the senate is disposed to take time for careful investigation.

The best game law for Wisconsin is a law that prohibits a market shooting, and the best game warden is the man who has brain enough to distinguish between a sportsman and a pot hunter.

The rest room project is very generally endorsed, and there will be no trouble in establishing or maintaining it.

PRESS COMMENT

River Falls Journal: The bill to prohibit treating by candidates for office is the "most unkind cut of all." It will nullify the primary scheme in its intention. What inducement shall we have for the ordinary office seeker if treating is tabooed?

Baltimore American: American missionaries may have a difficult time explaining matters if they land in communities which have nice new idols made in America.

Punch: We hear that the office of chief bootblack for President Roosevelt's official residence will shortly become vacant, and it is said, with a view to calming southern susceptibilities, the president intends to bestow the appointment on a white man.

Chicago Chronicle: A New York court holds that the anti-spitting ordinance cannot be enforced unless the ferry-boats and street cars provide cuspidors for the use of passengers. Carried to its logical conclusion the decision will also apply to expectoration on the sidewalks. The municipality will have to establish spittoons at intervals of twenty feet or so or expectoration will continue to rage as usual.

Detroit Free Press: Some people organize turf investment companies and others unload common stock. There are all sorts of ways of separating the plain people from their savings.

Denver Republican: An American firm has taken a contract to supply Korean temples with Buddhist idols. It is evidently real prosperity when even our idol men are getting busy.

Atlanta Journal: Two scholars at Grove Road school, Harrogate, England—Dora Robinson and Oswald Colbeck—have completed eight years' perfect attendance. Out of 3,211 possible attendances they have never missed once. These children must have been mumpsless, croupless, measles-proof and exempt from whooping cough.

Chicago Inter-Ocean: If the relations between England and Ireland continue to improve at the present rate nobody will be surprised to hear that King Edward has decided to wear a plumed hat and a green sash on the 17th of next month.

Buffalo Courier: Some of the newspapers have felt it incumbent upon them to explain that the Washington whose birthday is today observed by closing the banks and giving to city hall employees a "well-earned" rest was George, and not Booker T.

Winneconne Local: The democrats have begun to sort over their stock of timber from which to select their next candidate for president. An old and easy method of choosing a victim to be sacrificed was to draw lots.

LaCrosse Republican and Leader: It is intimated that the legislative committee investigating the get rich-quick-concerns in this state are ready to report "a deplorable condition of things." The public is very weary of debate on this question. It is very improbable that anything new will be said in favor or in opposition.

Fond du Lac Commonwealth: Naturally Republicans of Wisconsin would prefer to have the next national convention held in Milwaukee, but if that is impossible, then Chicago is a good second choice. The burden of providing for a national convention is not a light one by any means. Chicago understands that and was therefore not a candidate for the honor in 1900.

Eau Claire Leader: The people of the state almost unanimously endorse Governor LaFollette for his veto of the additional employe bill. It was undoubtedly a move in the right direction and is worthy of imitation. The tendency in these lines is to force up assessments and increase taxation. Our legislature seldom stops to consider what a great revenue economy is.

Fond du Lac Reporter: It has been suggested, during the past few days, that a system of municipal ferry lines for use on Main street would be a "good thing," but a few loads of

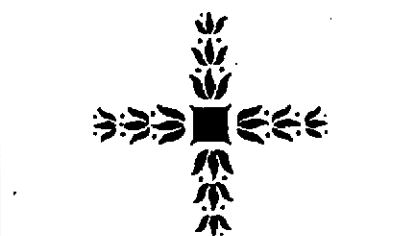

crushed stone on the crossings will do for a substitute. The city officials do not make the weather, but they do have charge of the streets. The stone will cost little and will remove a source of great annoyance and inconvenience to pedestrians.

Must Pay Tax to Move.

Indianapolis, Ind., March 7.—The Indiana legislature defeated the bill exempting from taxation property of fraternal beneficiary organizations which was introduced to bring to Indianapolis from Chicago the headquarters of the national endowment rank, Knights of Pythias.

RIDER'S, 163 WEST MILWAUKEE AV. KECK STREET

CADETS TO GIVE MILITARY BALL

ON THE FIRST TUESDAY EVENING AFTER EASTER.

WANT TO PURCHASE UNIFORMS

Young Boys Plan to Give Leading Social Event of the Post-Lenten Season.

Christ Church Cadets are making elaborate preparations for a grand military ball which is to be given at Assembly hall on the first Tuesday evening after Easter. While the party is to be given under the name of the organization the proceeds will go into its treasury. It is not being backed by the cadets as a society but as individuals.

Plucky Young Men
In fact the entire project is a manifestation of the pluck and enterprise of a company of young men who are determined to make a success of the military organization to which they belong and who are also anxious to secure new uniforms. A military ball is rather an ambitious affair for young boys to undertake and the managing board for the cause was reluctant to give its consent to the giving of a party where the expenses must necessarily be so large.

Raise Contingency Fund
Finally the advisory board told the cadets that the only condition on which the party could be given was that a sufficient sum of money to meet the expenses should be raised in advance and deposited in one of the local banks. By their individual efforts the boys have met this condition although they are hopeful that the success of the party will be such that they will not be obliged to touch this fund.

The boys have lost no time in perfecting their arrangements. Assembly hall has been secured, Smith's orchestra of six pieces contracted for and the various committees appointed. Five hundred invitations will be issued and the cadets will also extend special invitations to the other uniformed societies of the city.

Decorations and Grand March
Every effort will be expended to make the party one of the most brilliant ever given in the city. Already elaborate plans are being made for the decorations of the hall. These will be appropriate to the nature of the occasion, large flags and bunting in the national colors being used in profusion. The ball will begin at eight-thirty o'clock with a grand march led by the cadets and other uniformed societies in full regalia.

The Committees
Lieutenant Percy Merrill, Sergeant Curtis Carpenter and Sergeant Ernest Korst will serve as the reception committee. The committee on programs and invitations includes Sergeant Louis Gage, First Lieutenant Richard Griffiths and Captain Bernard Palmer, while the committee in charge of the floor will be First Sergeant Fred Hutchinson, Sergeant Leslie Thompson and Sergeant Harvey Lee.

OFFICERS CHOSEN BY CALEDONIANS

Rock County Scots Hold Their Annual Meeting and Plan for the Future.

At the annual meeting of the Rock County Caledonian society, D. M. Barlass was chosen to serve as president for the coming year. An effort was made to induce Dr. James Mills to accept a re-election, but he felt that he could not spare the time to serve the society for another term.

Robert W. Scott was elected vice president, James Drummond will continue to serve the society as the treasurer and A. Graham Galbraith will keep the secretary's records for another year. John Harvey was re-elected librarian.

The board of directors elected includes Dr. James Mills, Alexander Galbraith, George Skinner, Andrew Scott, L. L. Fletcher and James Scott.

The annual reports of the officers were received, showing the society to be in a prosperous condition. There are about 175 members and during the past year several pleasant social gatherings have been given in addition to the Burns' anniversary.

Plans for the future were discussed at length and the gentlemen present at the meeting were in favor of holding socials once a month, a custom which prevailed in the society for several years and which was greatly enjoyed by the members. This matter was left to a committee on entertainments consisting of David Brown, A. Graham Galbraith, Burr W. Scott, Jesse Earle and Frank Gentile.

E. A. Hyde and P. J. Mout were appointed to serve as the auditing committee.

COLLIE DOG WAS VERY SNAPPY

But the Police Put Him Hors de Combat After His Last Attempt.

A collie dog that has been hanging around the Northwestern passenger station for the last two days was disposed of by the police this afternoon. The dog was acting queerly but did not interfere with anyone. He seemed as if he had come to the station with some one that had gone off on the cars and was awaiting their return.

This morning Ed. Welch, who runs the Grand Hotel bus attempted to make friends with him and pet him. The dog resented his approaches and succeeded in putting two teeth in the third finger of his right hand. Mr. Welch had the wound cauterized and expects no serious results. Mr. Welch did not blame the dog alone, saying that if he had left him alone there would have been no trouble.

NOTICE.

The Gazette is willing and pleased to publish all notices of lodge or society meetings; but it has found it necessary to make the rule that all such notices must be written and left at the office before 11 o'clock of the day they are to be published. In the future no notices, except paid ones, will be received over the telephone. GAZETTE PRINTING CO.

Every mother should investigate the children's black ribbed hose Bort, Bailey & Co. are closing out at 7 cts. per pair.
The "Laughing Philosopher" will prove his title Monday evening at the Y. M. C. A. lecture course. 25c. admission.

Worth twice the money—those black ribbed children's hose Bort, Bailey & Co. are selling at 7 cts. per pair.
We are now showing the latest and best styles in wall papers. Our line this spring includes everything desirable in cheap, medium and fine papers. We are pleased to show them at any time. Skelly's Book Store.

A beautiful line of up-to-date wall paper at Skelly's book store. The latest florals, stripes, tapestries, orientals and crown effects are shown. We can please you in both style and price. Call and see them.

A car load of new wall paper just received. A fine assortment of tapestries, stripes, floral leatherettes and satin finished designs. Will have them all in shape Monday to show. J. H. Myers.

Lou Beauchamp, The "Laughing Philosopher," as he is best known will entertain Janesville people Monday evening at the Y. M. C. A.
F. M. Braden, a prominent business man of Minneapolis is in the city and will remain until the first of the week. Mr. Braden is looking for a business opening and further developments will show the result of his prospecting.

FAMOUS VEDORA CIGAR

Will Undoubtedly Prove A Strong Favorite Among Local Smokers

What promises to be one of the best selling cigars on the local market is the Vedora as manufactured by Harry Schmiedley. For some time past Mr. Schmiedley has been looking for a leader to sell at 5 cents and in the Vedora he has certainly found the cigar. This popular five center is a long filler and contains plenty of the genuine Havana. It is also made by the best of union skilled labor. Critical smokers pronounce the Vedora equal in many respects to many cigars that sell at the ten cent price. All local dealers that pretend to handle the best cigars on the market will soon number the Vedora in their case.

YOUNG MEN ENTERTAINED

Rev. and Mrs. Denison Are Giving A Series of Small Parties

Rev. and Mrs. Robert C. Denison entertained a company of eight young men at supper at the Congregational parsonage last evening. This was one of a series of informal evenings at which Rev. and Mrs. Denison are entertaining their young gentlemen friends in the congregation. After supper Rev. Denison and his guests adjourn to the study and spend the evening in the discussion of some interesting topic.

Sowle-Oviatt

Miss Ethel L. Sowle and William C. Oviatt, both of Milton Junction were united in marriage in Rockford yesterday. The groom formerly resided in this city and was in the employ of the Gazette Printing company.

Remains Next Week

H. Hildebrand, the renowned German artist who has been enlarging portraits in F. D. Kimball's furniture store window, will remain here next week. His excellent work has brought him patrons from all portions of the city and county. Five-dollar portrait values for 75 cts. All work is guaranteed to be just as represented. Plenty of testimonials. Bring in your photographs. Remember that Mr. Hildebrand has decided to remain all of next week.

Cars Off Track: Some freight cars off the track near Afton delayed traffic on that branch of the Northwestern for some time last night.

Returning From California: Word has been received from Mr. and Mrs. James Lamb that they have started home from California where they have been spending the winter and will reach Janesville in about ten days. Those who have never heard Lou Beauchamp will meet a past master in mirth on Monday evening at the Y. M. C. A. Admission 25c.

ROCKFORD MEN PLAN RAILWAY

ARE DISGUSTED WITH RULINGS OF PRESENT RATES.

THEY WOULD BUILD A ROAD

That Would Connect with Another Branch, and Give an Air Line Into Chicago.

The following is from the Rockford Star and tells of a proposed new road to be built and operated by the merchants and shippers:

Oppressive rules and regulations in regard to the collection of freight bills in Rockford have resulted in the determination of the manufacturers and shippers to construct and operate a railroad of their own from Rockford to Holcomb where connection will be made with the Chicago, Great Western railway.

The determination was reached Monday at a conference of representatives of more than a score of the largest shippers of the city. Immediately steps will be taken for the formation of a stock company of manufacturers for the purpose of securing the right of way and constructing the line.

The association which will take up the building of the road will be a permanent organization to be known as the Rockford Manufacturers and Shippers' association. It will have the best interests of the shippers of Rockford at heart and its endeavors will all be toward the bettering of conditions surrounding the shipment of raw material into the city and the sending out of finished products.

For some time the railroads entering Rockford have been making their rules more stringent and the shippers have been chafing under the imposition. The straw that broke the camel's back was laid on yesterday when a rule was put in force that no freight would be delivered until the charges were paid. This means a great hardship to the shippers as it makes delays that mean money.

The indignation aroused by the imposition of this rule culminated in the hasty calling of a meeting at the Nelson yesterday afternoon to discuss ways and means of protecting the interests of the shippers. E. H. Keeler was made chairman and C. S. Brantingham acted as secretary.

The result of the meeting was of a nature to make history. It means that the shippers will hold in their own hands the link between themselves and the outside world and be able to control perfectly the matter of freight rates.

After a careful consideration of the situation it was decided to form a stock company for the purpose of building a line from Rockford to Holcomb, the manufacturers to take the stock, build and equip the line for their own good.

Committee of Ten

A committee of ten was appointed to form a plan and report it at a further meeting to be held one week hence. The committee consists of C. S. Brantingham, secretary and treasurer of the Emerson Manufacturing company; P. A. Peterson, president of the Union Furniture company; T. F. Hopkins, secretary and treasurer of the Hless & Hopkins Leather company; W. A. Brollin, secretary of the Skandia Furniture company; John Barnes, secretary and treasurer W. F. & John Barnes company; F. R. Brown, president Nelson Knitting company; H. F. Forbes, president Rockford Malleable Iron company; T. D. Reber, vice president Rockford Lumber & Fuel company; H. S. Pettit, manager Glucose factory; A. S. Ruhl, secretary and treasurer Nelson Knitting company.

This committee is as representative as could have been named and represents a large amount of capital which is seeking to protect itself from the exactions of the railroads. The money for the construction of the line will be forthcoming from the local men and they will control the spur, thereby retaining in their own hands a weapon of defense which will protect them for all time against a combination of other roads to their detriment.

E. E. Dore of Chicago, vice president of the Chicago, Peoria & Western Railroad company, came to the city yesterday representing the Corn Products company, owner of the Glucose Sugar Refining company, and was in consultation with the manufacturers, assisting greatly by his counsel.

CARD CLUB ENJOYS PLEASANT SESSION

Cinch Enthusiasts Were Royally Entertained by Mr. and Mrs. G. D. Cannon.

Mr. and Mrs. George D. Cannon entertained the members of their cinch club at their home, 14 Carrington street, last evening. Shortly after six o'clock the card enthusiasts were seated before an elaborate repast which was heartily enjoyed. The delightful task of causing the tempting viands to disappear was accompanied by merry conversation and the session at the supper table was a very pleasant one. The time spent at cards proved just as enjoyable, prizes being awarded at the close of the cinch games. Mr. and Mrs. Albert Schnell were the fortunate ones. Mr. Schnell won on a cut with Henry Woodstock with whom he was tied for first honors.

The Gazette Job room has just turned out a handsome new directory for the Rock County Telephone Co., of this city, showing over 900 subscribers to the Exchange. Before Janesville had competition in the telephone business, it had connections with only a few over 200 phones, and the rates charged were exactly double the rates now charged by the Rock County Co., for connections with over 900 phones in Janesville and over 100 more in the country. Competition is certainly a good thing for the people.

NEWS OF A PERSONAL NATURE

A. J. Ingersoll was a visitor to Beloit yesterday.

H. G. Case of Beloit was a visitor to this city today.

Joe Cooper of Fort Atkinson visited in this city yesterday.

Burgess Haten of Kenosha called on friends in this city today.

Cornelius Buckley of Beloit had legal business in this city today.

J. J. Lane returned home yesterday from a sojourn at Los Angeles, Cal.

Charles L. Cullen of Edgerton transacted business in this city today.

Dr. O. R. Rockwell of Beloit had business in Janesville yesterday.

Charles H. Bentley, F. W. Coon and W. S. Brill were in the city today from Edgerton.

Thomas Abbott was called to Milwaukee yesterday by the dangerous illness of his brother, William.

G. F. Belknap, treasurer of the Hough Porch Shade Corporation has been confined to his home in Chicago by illness.

Mr. and Mrs. James Pennycook of the town of Janesville are the proud parents of a baby boy who arrived at their home this morning.

Miss Marjorie Mount is quite ill at her home on South Main street.

George H. Rumrill has been on the sick list for the last few days.

General Manager H. F. Windsor of the Chicago, Harvard and Geneva Lake railway company was in the city yesterday from Walworth.

Mr. and Mrs. F. W. Smith and daughter of Richmond, Ill., visited in the city today. Mr. Smith formerly resided here and has numerous acquaintances among the horsemen of the city.

Edward M. Hyzer of Milwaukee, general counsel of the Northwestern road for Wisconsin was in the city today.

Miss Ethel Tarrant, one of the employees in the Rock County Telephone office, is confined to her home at 14 Ruger avenue.

SURPRISE GIVEN BY WHITE RIBBONERS

Present a Spoon and Badge to First Member of the White Ribbon Cradle Roll.

Little Jeanette Turnbull, the first Janesville child to become a member of the White Ribbon Cradle Roll, was honored by the members of the W. C. T. U. last evening. A handsome silver spoon and the Cradle Roll badge were presented to the four months' old baby and while the central figure of the pretty ceremony did not manifest much interest in it, there was no lack of appreciation on the part of the proud parents.

The presentation was a complete surprise on Mr. and Mrs. G. H. Turnbull, whose home at 4 Oakland avenue, was invaded last evening by a company of thirty-five ladies and gentlemen. An appetizing picnic supper was served and there was an enjoyable social hour.

The party was under the auspices of the W. C. T. U. The White Ribbon Cradle Roll is now being organized as a part of the W. C. T. U. mothers' department, in which so much interest is being taken.

ODD FELLOWS REMODEL HALL

EAST SIDE BUILDING WILL UNDERGO MANY CHANGES.

TO GREATLY IMPROVE HALL

The Alterations Will Embrace Four Floors—Architect Is Drafting the Plans.

When improvements now under contemplation have been completed East Side Odd Fellows' hall will be the lodge building par excellence of the city. From ground to roof of the fourth floor alterations are intended in greater or less degree. An architect is now at work on plans which will be submitted to Wisconsin Lodge, No. 14, at their meeting on next Wednesday.

Plans Now in Preparation

Until action has been taken on the plans which are being drawn by L. L. Hilton, it will not be possible to say definitely what the nature of the changes will be. As now outlined they embrace each of the four floors to some extent, and of whatever nature they are will be intended to give the building precedence over all other home s of fraternal organizations in Janesville.

Store Fronts Changed

To give in the roughest possible way the contemplated alterations, the store fronts on the main floor will be remodeled; a more commodious stair way will be built communicating with the lodge rooms. On the second floor the rooms will be so changed as to add both to their size and convenience; few changes will be introduced on the third floor, such as are made consisting chiefly of alterations in the cloak and retiring rooms. The dancing hall will be altered only in respect to the musicians stand which will probably be suspended from the ceiling. On the fourth floor a couple of rooms may be built.

SOUTH WEST LIMA

South West Lima, March 5.—The soft weather of the past few days has left the roads in very bad condition.

We are sorry to hear that Mr. John Dixon has not recovered from his illness.

Miss Bessie Richmond who has been suffering from the effects of the grip, is gaining.

Miss Edna Richmond is home from Beloit for a short visit with her parents.

Mr. Hiram Dixon has been entertaining wood sawers and John Lackner clover hullers the past week.

Mrs. Johnson died Tuesday evening at the home of her daughter, Mrs. Bert Collins, of apoplexy being ill but a short time.

Mr. Bucholtz, a young man, had the misfortune to lose the thumb and part of the fingers of his right hand Tuesday evening while engaged in throwing wood away from a buzz saw. The injured man was taken to the home of Dr. Stetson, with the assistance of Dr. Bagley of Whitewater they dressed his hand and made him as comfortable as possible.

French Academician Dead.

Paris, March 7.—M. Gaston, a Paris member of the French Academy and a director of the College de France, died here.

Hobs Thirty With Toy Gun.

Salt Lake City, Utah, March 7.—With a toy gun Hernando Mescan, a Mexican miner, held up the Oxford gambling resort at Eureka and secured a roll of money as big around as a man's arm.

DOCTORS HOLD A
MONTHLY SESSIONMet, Last Night, in the Caledonian
Rooms, to Discuss Inter-
esting Subjects.

Attendance at the March meeting of the Rock County Medical association was doubtless somewhat affected by the weather. Nevertheless a sufficient number were present, from this and neighboring cities, three doctors having made the trip from their Illinois homes to make the meeting pleasant and profitable.

Dr. Farnsworth presided over the gathering, which was held in the Cal-

edonian rooms. The papers were delivered by Dr. E. C. Helm of Beloit, whose subject was Pernicious Anemia, and Dr. J. F. Pember of this city on Leukemia. Discussion of the topic was not confined to those who had been appointed to lead the discussion but was general among those who were present.

Those present from neighboring cities and towns were Drs. E. C. Helm, A. C. Helm, Rockwell, of Beloit; Crockett, of Roscoe, Ill.; Penneman, of Argyle, Ill.; Cole of Rockton, Ill.; and Sutherland of Rockford, Ill.

The next meeting of the association will be held at Beloit on the first Friday of April. The leader will be Dr. S. C. Bell of the city where the meeting will be held.

15,000 --- PEOPLE --- 15,000

DR. BREWER

Will show you the names, the record of medicines used and the results obtained of over 15,000 people treated by him.

MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

WINE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley.

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElee's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

HOLD UP CUSTOMS OFFICERS

Highwaymen Armed With Pepper
Take \$25,000 in Daylight.

Johannesburg, March 7.—A desperate attempt at highway robbery was made in the center of Johannesburg. A couple of men attacked two customs officials conveying \$25,000 to the bank, and throwing pepper in their eyes secured the money bags, which they threw to a horseman who galloped off. The horseman in his flight knocked down a man named Brandon, who was fatally injured and soon expired. Subsequently the horse bolted and unseated its rider, who was then arrested and the money recovered.

OBJECTS TO SHAFT TO GEN. LEE

G. A. R. Post Protests Against Monu-
ment on Gettysburg Field.

Richmond, Ind., March 7.—Sol Meredith post G. A. R. of this city, has forwarded a spirited protest to the legislature of Pennsylvania against the passage by that body of a law providing that the state join with Virginia in erecting a monument to General Robert E. Lee on the Gettysburg battle field. The post takes the ground that such action would give the idea that the South was right and the North wrong.

To Tax Chinese More.

Ottawa, Ont., March 7.—It is understood that the government intends to introduce a bill at the next session of parliament raising the poll tax on Chinese from \$100 to \$300. This is in accordance with the request of the Chinese and Japanese commission.

Ascends Mount Elger.

Geneva, March 7.—An American named Gordon made the ascent of Mount Elger, one of the loftiest peaks in Switzerland. This is the first time this winter that any one has succeeded in making the ascent.

Taxation of Railroad Companies.

Madison, Wis., March 7.—In the assembly the bill providing for the taxation of railroad companies on the ad valorem basis was passed by a unanimous vote without a word of debate.

After German Oleo Plants.

Berlin, March 7.—The London branch of the American packers' trust is making great efforts to acquire oleomargarine factories in Germany and Holland.

On Feb. 15th to April 30th inclusive the C. & N. W. Ry. will sell colonist one way second class tickets to points mentioned above at very low rates with favorable stop over privileges. For full information etc see ticket agent C. & N. W. Ry. Passenger depot. Telephone No. 35.

Why
Syrup of Figs
is
the best family laxative

It is pure.
It is gentle.
It is pleasant.
It is efficacious.
It is not expensive.
It is good for children.
It is excellent for ladies.
It is convenient for business men.
It is perfectly safe under all circumstances.
It is used by millions of families the world over.
It stands highest, as a laxative, with physicians.
If you use it you have the best laxative the world produces.

Because

Its component parts are all wholesome.
It acts gently without unpleasant after-effects.
It is wholly free from objectionable substances.

It contains the laxative principles of plants.
It contains the carminative principles of plants.
It contains wholesome aromatic liquids which are agreeable and refreshing to the taste.

All are pure.
All are delicately blended.
All are skillfully and scientifically compounded.

Its value is due to our method of manufacture and to the originality and simplicity of the combination.

To get its beneficial effects—buy the genuine.

FOR SALE BY ALL LEADING DRUGGISTS.

We Paid \$100,000

For the Rights to Liquezone for the United States.

This company is composed of business, professional and medical men of ability. Does anyone suppose that we would pay \$100,000 for a newly discovered product, without knowing to a certainty that it does kill germs, and cures every germ disease?

Before making the purchase we tested Liquezone for two years—in thousands of difficult cases. Then we staked our fortune and our reputation on it. We can offer no better evidence that Liquezone does what we claim.

The world's best physicians, and the world's best hospitals, are to-day employing it.

We Offer \$1,000

to the physician or scientist who discovers a disease germ that Liquezone can't kill. And if such a germ is discovered we will publicly announce the fact.

We never wish to claim that Liquezone cures a disease if the germs of that disease can't be killed by it.

Liquezone is simply liquid oxygen; no drugs, no alcohol in it. It is the discovery of Paul—the great German chemist—who spent 30 years on it. His object was to get such an excess of oxygen, in simple form, into the blood, that no germ could live in any membrane or tissue.

Liquezone does that. We spend 14 days in making every bottle of it, and the result is a certain germ-killer which can be taken into the blood to go wherever the blood goes.

Liquezone.
Kills All Germs.

Any drug that kills germs is a poison to you, and it cannot be taken internally. All that medicine can do for a germ dis-

ease is to aid Nature to battle with the germs.

Liquezone goes directly to the cause of these diseases, and destroys it. The results are absolutely certain, for Liquezone never fails to kill germs.

And it kills them with oxygen only—a tonic to you—a necessity—the very source of vitality. It kills them because germs are vegetables; and an excess of oxygen, while life to an animal, is deadly to vegetable matter.

Liquezone is the only way known to kill germs in the body without destroying the tissues, too.

Diseases
Due to Germs.

These are some of the known germ diseases. Liquezone has cured each of these diseases at least several hundred times—some of them thousands of times. We know from vast experience that Liquezone cures every disease in this list.

and cures it completely and forever. We will send you evidence enough if you will write us.

The pendant effects are very popular today. The demand for them is strong. We have hard work keeping them in stock but are again showing some very choice things. Have all sizes and shapes—black, white and colors at 8c to \$1.00 each. They come in silk, jet, mohair, metal and pearl. Our stock of trimmings is a wonder, and new shipments are being received several times a week. If undecided about how to trim the new dress, we think we can help you out. Drop in and bother us. We like it.
